

**HEALTH PLANS
FOR EVERY POSTAL
EMPLOYEE**

MHBPSM
OPEN TO ALL FEDERAL EMPLOYEES

**2021
POSTAL**

THIS PLAN IS YOUR PLAN

Congratulations on your employment as a full-time regular postal employee, or recent appointment as a second term Mail Handler Assistant (MHA). MHBP appreciates the important work that U.S. Postal Service employees carry out each day in service to the citizens of the United States of America.

Since 1775, when Benjamin Franklin became the first postmaster general, your mission has been clear — and so is ours. MHBP is proudly sponsored by the National Postal Mail Handlers Union (NPMHU), offering affordable, comprehensive health benefits to Postal and Federal employees for over 50 years.

MHBP provides health coverage that sets the standard for Postal and Federal employee health plans. Whether it's coordinating services, providing nurse support around the clock or paying claims quickly and accurately, MHBP will be there when you need us with:

- **Outstanding plan satisfaction, per OPM.gov Consumer Satisfaction Survey Results**
- **A large, nationwide network of doctors and hospitals**
- **No referrals required to see specialists**
- **100% coverage for Network Preventive care**

Our goal is to provide a health plan experience that enables you to achieve your best health. You can relax knowing that MHBP has you covered.

We know that choosing a health plan can be time-consuming and complicated. FTR career postal workers and second term Mail Handlers, MHBP gives you a variety of health plans to choose from, so you can find the one that's best for you.

Full Time Regular employees (FTR) have access to all three MHBP plans and second term Mail Handler Assistants (MHAs) have access to the Consumer Option and Value Plan upon appointment to their second term.

For those second term MHAs, the USPS offers coverage through a selection of health plans in the USPS Health Benefits Plan (USPSHB) for non-career employees. With your membership in the National Postal Mail Handlers Union, you are eligible and may select MHBP products and services. MHBP offers you different fee-for-service health plans that provide both Network and Non-Network benefits. With MHBP you have nationwide coverage, comprehensive benefits, online support tools, optional dental and vision coverage and so much more.

Understanding FFS Plans

In general, FFS plans pay benefits to you or your health care provider for each service you receive, such as an office visit, test or procedure. Benefits are based on allowable costs for the covered services you receive. You may choose your own physician, hospital and other health care providers. Most FFS plans offer both Network and Non-Network benefits. When you receive services from a Network provider, you will usually have lower out-of-pocket expenses, like a lower copayment or coinsurance, and/or a reduced or waived deductible. All FFS plans require precertification of inpatient hospital admissions and most require preauthorization of certain procedures or other services.

PLANS THAT

In the center is a woman with dark hair pulled back, wearing a light-colored blazer over a white shirt, with her arms crossed and a wide smile. To her left is a woman with dark curly hair, wearing a dark blue polo shirt, also smiling with her arms crossed. To her right is a man with dark hair, wearing a dark blue polo shirt, smiling. The background is slightly blurred, showing industrial equipment and bright lighting.

STANDARD OPTION

LOW RATES, RICH BENEFITS

MHBP Standard Option is setting a higher standard for federal employee health plans — at a lower cost. We invite you to compare our Standard Option to other Standard Option and even High Option plans. See how much you may save compared to other similar plans without giving up valuable benefits.

STANDARD OPTION (FULL-TIME REGULAR)

Second term MHAs do not receive employer contributions for the Standard Option. If you are in a special enrollment category, please refer to the FEHB Program website or contact the agency or Tribal Employer which maintains your health benefits enrollment.

Plan has a mandatory maintenance medication program.

CONSUMER OPTION

PART HEALTH PLAN, PART HEALTH SAVINGS ACCOUNT (HSA)

MHBP Consumer Option is a high-deductible health plan with a health savings account (HSA). The Plan will deposit up to \$2,400 per year for a Self and Family or Self Plus One enrollment (\$1,200 Self Only) into your HSA for you. Use it to pay for health expenses, or watch your savings grow as they roll over. And Network preventive care is covered at 100% with no deductible.

VALUE PLAN

LOW COST PLAN THAT PROTECTS YOU FROM THE UNEXPECTED

MHBP Value Plan is a low-cost plan that provides valuable protection against the high costs of an unforeseen illness or event. It has low premiums and Network benefits that provide 100% coverage for preventive care and low copayments for occasional doctor's visits and generic prescriptions — with no deductible. If you want to keep things simple, the MHBP Value Plan is the choice for you.

EVALUATING A HEALTH PLAN

As you research health plans, it's important to look for the best value. Don't get caught up on the plan name (such as High or Standard Option). Remember, value is a balance of many factors, including your choice of health care providers, benefit levels for the services that are most important to you, the premiums and other costs you pay, the service you'll get and what's convenient for you.

PROVIDER CHOICE

Is my doctor in the network? Is access available where I need it?

Determine if you need a plan with local or national coverage. If you travel frequently or have children away in college, you may want a national health plan.

Confirm your doctor's participation in the network by calling the health plan and the provider before you enroll.

Make sure the plan's network includes doctors with the specialties you may need, such as dermatology, cardiology and others.

Review any requirements the plan may have for getting care through a specialist, such as getting a referral.

Choose providers that participate in your health plan's network. You will maximize your benefits and save money.

COVERAGE

What services/expenses do my benefits cover, and what do I need?

Read the health plan information and benefit descriptions (official Plan Brochure) to learn

what medical expenses and services are covered by the plans you are considering.

Check coverage for any services you expect you will need, like maternity, chiropractic care or allergy care.

Consider how often you expect to need the services that are most important to you. Review any limitations or exclusions for the services you may need. Plan exclusions are listed in the official Plan Brochure.

Review the plan's drug formulary to determine if the medications you take are covered and how much they will cost you. A formulary is a list of prescription drugs that are preferred by your health plan based on safety, effectiveness and cost.

If you have Medicare, TRICARE or any other health plan coverage, learn how the plan's benefits coordinate with this coverage.

Make a list of the medical services you will need and call the plan(s) you are considering to confirm what is covered. It's important to select a plan with benefits that best meet your needs.

COST

How much will I have to pay?

When trying to predict your annual health care costs, you want to look at five key elements: premium, deductible, copayment, coinsurance and the catastrophic protection limit.

Premium — The amount you pay for your coverage, deducted from your biweekly paycheck. Premiums can vary across the benefit plans offered to you.

Deductible — The amount you must pay for health care before your health plan begins to pay. Deductibles typically apply on a per-calendar-year basis and can change from year to year.

Copayment — A fixed dollar amount that you pay as your share of the cost of medical services you receive (for example, \$20 for a doctor's office visit).

Coinsurance — A percentage of the cost you pay as your share of the medical services you receive (for example, 20% of the cost of a lab test).

Catastrophic protection limit — The maximum amount for certain covered charges you have to pay out of your pocket during the year. Setting a maximum amount protects you. Separate limits are usually applied on a per-person and per-family basis.

As you consider cost, keep in mind the services you use most often and the services that you have or want. Also consider any other coverage you may have that provides medical, mental

health and prescription drug benefits. This will give you a good indication of your potential out-of-pocket costs.

SERVICE

Will this health plan be there for me?

Contact the plan you are considering before you become a member to experience their customer service. When you call, you can assess how easy it is to reach a real person and get answers to your questions. If your co-workers are enrolled in the health plan you are considering, ask them about their experience. Tools to help you evaluate health plan quality and service are available at opm.gov/healthcare-insurance.

Good service is an essential element of your health plan experience. Choose a plan that has knowledgeable service representatives who are able to answer your questions.

ENROLLING FOR HEALTH BENEFITS FOR FTR MAIL HANDLERS

FOR FULLTIME REGULAR MAIL HANDLERS

For Fulltime Regular Mail Handlers you have 60 days from the date of your career appointment to enroll in a Federal Employee Health Benefit (FEHB) insurance plan. If you don't make an election by that time, you are considered to have declined coverage, and you must wait until

the next Open Season to enroll. Qualifying life events may permit a change in one's FEHB enrollment status outside of Open Season. Additional details are available at: opm.gov/healthcare-insurance.

Although you have time to enroll, it is to your advantage to make this election as soon as possible. Your coverage will begin on the

first day of the first pay period **after your employing office receives your enrollment request**. There is no retroactive coverage of your expenses prior to the effective date of your enrollment. You should consider this before canceling any existing coverage and before scheduling doctor visits or tests.

If you previously elected coverage in the USPS Non-Career Employee Health Benefits Plan, **that coverage will be automatically terminated 28 days (or two pay periods) after your conversion to a career Mail Handler**. You should make every effort to elect an FEHB plan by the end of the pay period prior to coverage termination to avoid having a gap in coverage. Career postal employees are not eligible for the Non-Career Plan, nor can a newly converted career postal employee maintain both Non-Career Plan coverage and FEHB coverage.

Federal Employees Health Benefits (FEHB) Plan

An FEHB plan is one of the most valuable benefits of USPS employment, but coverage is not automatic — you must take action to enroll. Your FEHB coverage will begin on the effective date and will cover expenses that occur on or after that date, pre-existing conditions.

All FEHB plans are eligible employer-sponsored plans that meet the requirements for minimum essential coverage and meet the minimum value standard established under the Patient Protection and Affordable Care Act (ACA). If you are enrolled in an FEHB plan, you are not required to participate in the health exchanges and will not have to pay a penalty for noncompliance.

You cannot be enrolled in both an FEHB plan and the USPS Non-Career Employee Health Benefits Plan.

Your MHBP Enrollment

Choose the MHBP enrollment that best suits your needs:

Plan	Type	Code
	Self Only	454
STANDARD OPTION	Self Plus One	456
	Self and Family	455
	Self Only	414
VALUE PLAN	Self Plus One	416
	Self and Family	415
	Self Only	481
CONSUMER OPTION	Self Plus One	483
	Self and Family	482

Upon your enrollment, MHBP will send you a welcome package that will include your health plan ID card, the official Plan Brochure and other information to help you successfully navigate your new coverage. We hope to send you one soon.

Upon your appointment to a second term, Mail Handler Assistants (MHAs), are eligible for immediate enrollment into the MHBP Consumer Option and Value Plan with contributions toward premiums to be made by the Postal Service. Conversion to FTR career mail handler triggers eligibility for all MHBP Plans (Standard Option, Consumer Option and Value Plan) with full contractual matching contributions. You have 60 days from the date of this new eligibility to enroll.

SHOP. COMPARE. CHOOSE MHBP

How do you select the best plan for you and your family? Choice is good a thing, but choosing isn't always easy. And you want to make the best decision. So start by determining what's most important to you:

- What kinds of medical services will I need this year?
- Do my current benefits meet my medical needs?
- Are there upcoming life events that could impact my coverage?
- Does my plan's selection of Network providers meet my needs?
- Are my total out-of-pocket costs (premium, deductibles, copayments and coinsurance) manageable?
- Does my plan's customer service meet my expectations?

Now that you have a feel for what you need for the coming year, use this guide to compare MHBP Standard Option to your current plan or to another health plan. Fill in the blanks for your current health plan — and for any other plans you may be considering. Add in other features that are important to you. Then compare the results. See which plan is the best fit for your health needs.

If you have questions about MHBP, call 800-410-7778, 24 hours a day, seven days a week, except major holidays.
